

## Slowly Sideways UK

### Application form

**Note : Please read the following before you fill in this form to ensure that you have fully understood what Slowly Sideways is and what you need in order to be able to participate.**

1. First requirement is that your car should be a fully prepared rally car, ready and able to do a rally. Being fitted with a roll cage, competition seats and seat belts and decorated like a rally car is NOT sufficient.
2. Your car, the subject of this application, should also be a rally car from within the period 1960 to 1996 inclusive.
3. If it is a Group A or Group N car that was rallied in the period 1985 to 1996, then it must be a genuine ex-works rally car or from a works supported team and you must have all the necessary documentation to prove its provenance.
4. If it is a Group B car from the period 1982 to 1986, then it is preferable if it is an ex-works or semi-works rally car but, thanks to the unique nature of a Group B car, it can be a replica provided that it is fully rally prepared and virtually indistinguishable in terms of engine tune, suspension, transmission and body parts from a works Group B car of that period.
5. If it is a Group 1, 2, 3 or 4 car from the period 1966 to 1983, then it is preferable if it is an ex-works or semi-works rally car but it can be a period rally car or a replica provided that everything on the car has been fitted to the same specification as on the works cars of the period quoted. In other words, a car that is totally faithful in both the spirit and the reality to the works car of that time.

If you have understood the above, then please go ahead and make your application. Equally, please do NOT do so if your car does NOT conform to the above stipulations.

Please remember that the whole reason for the creation of Slowly Sideways was to give people who own old Group B rally cars the chance to drive them in controlled conditions for fun as those cars were – and still are – banned from being used in actual rally competitions. Over the years, the criteria have been widened to take in important Group 4 and Group A cars and we are not adverse to genuine rally cars from other Groups. It is, however, not a register for owners of cars that do not meet the above criteria.

### **Important.**

Please note that we shall never give out ANY of the personal information that you give us to anyone outside the committee of Slowly Sideways UK without first obtaining your permission to do so.

When completed, please return to :-

Sycamore House  
Kimble Park Road
